

Best Practice Premier: Which version do I have?

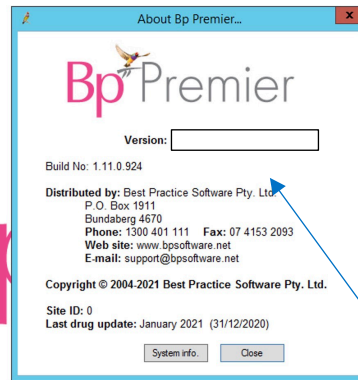

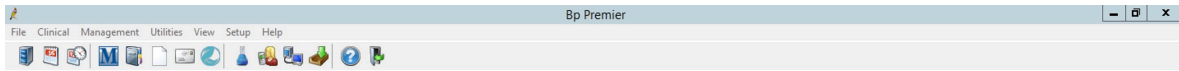

1. Open Bp Premier

Click on the '?' button to go to About Bp Premier.

A pop up box will appear showing you which version you have.

You can also check the Best Practice Program Updates section: <https://bpssoftware.net/resources/bp-premier-downloads/> to ensure that you are running the most up to date version.

For all queries, please call HealthLink Customer Support:

Monday to Friday (except public holidays) 8am – 6pm
